

Environmental Policy

Eco-Smart Consultancy is a market leading consultancy, supplying expert advice and support on environmental, quality and compliance issues to clients in a variety of industry sectors across the UK.

As a company we recognise all are business activities, products and services have the potential to cause an impact on the environment, therefore senior management have written this policy to endorse our aims.

This policy sets out our vision and is the main driver towards contributing to a cleaner environment and will complement our overall plan of promoting sustainable business practices.

Through a process of continual improvement our commitment is to:-

- integrate recognised environmental management best practice into our business operations.
- abide by all applicable environmental legislation.
- reduce our consumption of resources and improve the efficient use of those resources.
- manage our business operations to prevent pollution.
- actively promote recycling both internally and amongst our customers and suppliers.
- implement training programs for staff to raise awareness of environmental issues and enlist their support in improving the Company's performance.
- to openly communicate this policy to all employees and the public.
- Review our environmental policy regularly.

Signed
